GAS COMPANY

Four Easy Ways to Save

1. ENERGY STAR® Furnace Program

Get rebates up to \$375 when a participating contractor installs a high efficiency furnace. An ENERGY STAR furnace can reduce your energy use, improve comfort and help you save money.

2. ENERGY STAR Tankless Water Heater Program

Get rebates up to \$375 when a participating contractor installs a high efficiency tankless water heater. Plus, you could save as much as \$100 per year on gas bills compared to a standard model.

3. Residential Insulation Rebate Program

Get rebates up to \$500 when a participating contractor adds insulation in the attic or roof of your home. Insulation helps retain heat during the winter and keeps your home cooler in the summer.

4. Low Flow Showerhead Program

Get a free package containing a low flow showerhead and faucet aerators. A \$38 value, this package could save up to \$150 on natural gas and 75,000 gallons of water over the life of the products.*

*limited to one (1) low flow showerhead pack per household
